Detective Sergeant Lachlan Coleridge has seen it all. A veteran cop currently stationed in the rural town of Moree, there's nothing much that surprises him. But when two children are burned to death during an explosion in an illegal meth lab, he struggles to put the memory behind him. In desperation, he seeks counseling. Ava Wolfe is a Sydney Harbour Hospital psychiatrist who has agreed to cover her friend's practice in the country. Lachlan has no choice but to make an appointment with the feisty doctor he met a month earlier at his brother's wedding. They shared a steamy encounter in the cloak room at the reception center and he's nervous about her discovering he's married. Ava's memories of the darkly handsome detective haven't faded over time. When he approaches her for therapy, she's forced to set aside her attraction in order to give him the help he so desperately needs. After years of exposure to the worst mankind can offer, Lachlan Coleridge's spirit has been ravaged. She yearns to help him, but she's not sure that he'll let her... To be a cop is to be tough – physically and mentally. There's no room for weakness. If it gets out that
Lachlan’s seeking help, any chance he has for promotion will be jeopardized. But he’s drowning in a sea of pain; of darkness and confusion and it’s only a matter of time before he tumbles into the abyss… Can he trust the only woman who appears to understand him? Is he prepared to put his career on the line in return for saving his soul? And what will happen when she discovers his deceit? Will he open up to Ava and let her help him…before it’s too late?

Serpent From The Numa Files A guide to updated Mac technology covers the Mac OS X, software, finder commands, control panels and extensions, networking, memory, peripherals, laptops, Mac applications, the Internet, and troubleshooting.

Ghost Walking

CSS: The Missing Manual “The night they killed our neighbors, we never heard a thing.” In a quiet suburban neighborhood, in a house only one door away, a family is brutally murdered for no apparent reason. And you think to yourself: It could have been us. And you start to wonder: What if we’re next? Linwood Barclay, critically acclaimed author of No Time for Goodbye, brings terror closer than ever before in a thriller where murder strikes in the place we feel safest of all. Promise Falls isn’t the kind of community where a family is shot to death in their own home. But that is exactly what happened to the Langley’s one sweltering summer night, and no one in this small upstate New York town is more shocked than their next-door neighbors, Jim and Ellen Cutter. They visited for the occasional barbecue and their son, Derek, was friends with the Langley’s boy, Adam; but how well did they really know their neighbors? That’s the question Jim Cutter is asking, and the answers he’s getting aren’t reassuring. Albert Langley was a successful, well-respected criminal lawyer, but was he so good at getting criminals off that he was the victim of revenge—a debt his innocent family also paid in blood? From the town’s criminally corrupt mayor to the tragic suicide of a talented student a decade before, Promise Falls has more than its share of secrets. And Jim Cutter, failed artist turned landscaper, needs look no further than his own home and his wife Ellen’s past to know that things aren’t always what they seem. But not even Jim and Ellen are ready to know that their son was in the Langley house the night the family was murdered. Suddenly the Cutters must face the unthinkable: that a murderer isn’t just stalking too close to home but is inside it already. For the Langleys weren’t the first to die and they won’t be the last.

Too Late for Gordon and Khartoum After being shot and left to bleed out in an L.A. cemetery on New Year’s Eve, P.I. Jackson Douglas wakes in the hospital, attempting to recall the face of the shooter and the events that brought him to the cemetery in the first place. As he recovers, he replays the previous three months, trying to figure out who wants him dead. East Coast mobsters? Corrupt Mexican businessmen? Someone (a scornful starlet, a creepy stalker) from his brief stint working in Hollywood? All of them have motives, but even as he relives his adventuresNone of which led him to the cemeteryNhe pieces refuse to fall into place. Identifying his shooter isn’t the only thing on Jackson’s mind. For several months, he’s been tormented by the choices (and their repercussions) he’s made since becoming a private eye. Is it time for him to give up the business for good? Will his quest to find his shooter give him new purpose? And how will he respond when he finds out he may not be the shooter’s only target?”

Handloader’s Manual - A Treatise on Modern Cartridge Components and Their Assembly by the Individual Shooter Into Accurate Ammunition to Best Suit his Various Purposes Updated 2015 ebook version

Ever wonder if you are cleaning your competition rifle correctly? Master Sergeant Jim Owens, with 20+ years of Marine Corps Shooting Team experience, has written the definitive guide to rifle cleaning, and proper maintenance for the high power rifle competitor. With particular attention to the Service Rifles (M16/AR-15, M4/M1A, M1 Garand), Jim gives you detailed instructions on how to clean your rifle the right way to maximize results and minimize unnecessary wear or tear. Learn all about twist rate, barrel life, and parts of the barrel. Tips on Bullet Seating, and bullet run-out. Brushing vs. Patches only. Questions & Answers with Boots Obermeyer, Carl Krieger, Charlie Milazzo and Mike Bykowski. Also, read interviews with Seven National Champions on how they clean their bores. An extensive chapter on “Moly Coating” treatments for bullets and barrels. And, ending with the positive side of Sportsmanship. With numerous clear illustrations and photos, over 130 pages of information that Jim spent years learning and developing as a competitive shooter. You will not be disappointed!

Report on the Intelligence on the U.S. Intelligence Community's Prewar Intelligence Assessments on Iraq, July 9, 2004, Ordered Reported on July 7, 2004

You Saw Too Much A Maggie York Paranormal Mystery Book One Not believing won’t make the ghosts go away. New Orleans’ homicide cop Maggie York is at the top of her game until a sniper’s bullet changes everything. She flatlines, comes back. But not quite the same. She sees and hears things—ghostly things. And she blurs out enough to her doctors to end up on medical leave with a diagnosis of PTSD. If only. Six months later, the voices have faded and the ghostly sightings are less frequent. The department still won’t let Maggie return to the job. Oh, she’s quit talking about ghosts, except to a few friends and the loony relatives who believe she’s a witch, but Maggie doubts herself. Since inactivity is making it worse, she sets out to track down her shooter, only things get complicateda ghostly witness wants his own murder solved, and sexy homicide cop, Josh Brandt—who just happens to be her replacement—wants her to butt out of his case. After Josh catches her at the murder scene of a key witness, he wonders how the attractive redhead is staying one step ahead of him and how deeply her involvement goes. She doesn’t appear as unstable as he’s been told, but she’s hiding something. He recognizes the signs because...
he has secrets of his own. Unraveling her case soon draws them down twisted but intersecting paths. And failure may cost Maggie her life. Keywords: paranormal mystery, ghosts, witch, urban fantasy, paranormal romance, detective

Ethiopia in Mengistu's Final Years: Until the last bullet

Office 365 All-in-One For Dummies A shot rings out along Music Row in Nashville. Sammy Sadler, a rising country star at 21 years-old, feels hot blood flow out of the bullet wound in his shoulder. Adrenaline pulsed through him as a pleasant evening with friend and colleague, Kevin Hughes, took a deadly turn. A shot rings out along Music Row in Nashville. Sammy Sadler, a rising country star at 21 years-old, feels hot blood flow out of the bullet wound in his shoulder. Adrenaline pulsed through him as a pleasant evening with friend and colleague, Kevin Hughes, took a deadly turn. Another shot cries out as a masked figure emerges from the shadows. Sadler is disoriented. The driver of their car makes a mad dash up the road as more bullets pierce the air. The gunman turns his attention to one man. Kevin Hughes, Chart Director for Cash Box magazine, was shot dead on March 9th, 1989 in the middle of 16th Avenue. The murderer disappears in the shadows, seemingly getting away with the crime. Known as the Murder on Music Row played out like a movie scene, but it was a living nightmare for Sadler. The rumor mill churned ruthlessly about his “possible involvement” in the unsolved crime. His career and his marriage crumbled. He struggled to recover from lasting P.T.S.D. and an injury compromising the use of his hand. The mystery of that fatal night did not fade. It gained attention on national outlets such as “Unsolved Mysteries,” “America's Most Wanted,” “Nancy Grace,” and more. It wasn’t until 2003 that former Chart Director for Cash Box magazine, Richard D'Antonio was convicted of the murder. The closure of the conviction seems to have marked a new chapter for Sammy Sadler. The following year, he released his first album since the murder on music row, HARD ON A HEART. Building on this momentum, Sadler has gone on multiple tours, recorded several new albums, and is taking back all that was robbed of him that one night in 1989. Today, he has one message...his story is far from over.

The Book Thief

United States Congressional Serial Set, Serial No. 14876, Senate Report No. 301, U.S. Intelligence Community's Prewar Intelligence Assessments on Iraq, Report of Select Committee on Intelligence

Report of the Select Committee on Intelligence on the U.S. Intelligence Community's Prewar Intelligence Assessments on Iraq Together with Additional Views Macromedia Dreamweaver MX merges the faultless visual layout tools of Dreamweaver and the powerful yet easy-to-use database integration offered by UltraDev into a product that is simply the most vital piece of software any web designer can own. Unlike many other books, Foundation Dreamweaver MX concentrates on both sides of this alliance, looking to the future. No matter what your background, this book will give you a solid foundation in graphic design and layout issues as well as a full grounding in the powerful database integration features that Dreamweaver MX offers. The truth is that database integration is no more of an extra in today's climate than faultless visual design, and this book is here to guide you through this new world, covering dynamic scripting with PHP and the popular MySQL database. This book is suitable for both PC and Mac (OS X needed) platforms. Whether a complete novice or a past user, after reading this book, you'll be fluent in the full breadth of Dreamweaver MX's powerful functionality, a unique learning curve backed up by solid real-world case studies and tutorials. What this book covers: Site design and layout principles Using templates and Cascading Style Sheets to create advanced site designs Adding interactive to pages with script Setting up PHP and MySQL to create powerful dynamic database-driven applications Dreamweaver MX makes this all possible, and Foundation Dreamweaver MX makes it easier than you could have imagined. December 2002: Macromedia has released an update, available for download, which addresses a number of issues in Dreamweaver MX, including compatibility with Macromedia Contribute.

The Final Bullet The reasons for handloading ammunition may be summed up as (a) permitting one to obtain the greatest possible accuracy from his rifle, pistol or revolver and (b) providing one with an abundance of ammunition at small expense. If you have a firearm that you do not shoot as much as you would like to because of the expense, it will pay you to reload your fired cartridge cases. Any person can, with a few simple tools and the instructions contained within this book learn how to handload.
To the Last Bullet In A Lie Too Big to Fail, longtime Kennedy researcher (of both JFK and RFK) Lisa Pease lays out, in meticulous detail, how witnesses with evidence of conspiracy were silenced by the Los Angeles Police Department; how evidence was deliberately altered and, in some instances, destroyed; and how the justice system and the media failed to present the truth of the case to the public. Pease reveals how the trial was essentially a sham, and how the prosecution did not dare to follow where the evidence led. A Lie Too Big to Fail asserts the idea that a government can never investigate itself in a crime of this magnitude. Was the convicted Sirhan Sirhan a willing participant? Or was he a mind-controlled assassin? It has fallen to independent researchers like Pease to lay out the evidence in a clear and concise manner, allowing readers to form their theories about this event. Pease places the history of this event in the context of the era and provides shocking overlaps between other high-profile murders and attempted murders of the time. Lisa Pease goes further than anyone else in proving who likely planned the assassination, who the assassination team members were, and why Kennedy was deemed such a threat that he had to be taken out before he became President of the United States.

Macworld? Mac? Secrets? Muki Betser was born in Israel's Jezreel Valley and grew up to become one of the leaders of his country's most elite commando unit, Sayeret Matkal. Newspapers refer to the sayeret, or special reconnaissance forces, as the "tip of the spear" of the Israel Defense Forces (IDF). But Sayeret Matkal—or simply, the Unit—was the cream of that crop, carrying out some of the best-known antiterrorist raids of the last twenty-five years.

Necessary Evil

Secret Soldier Her life was taken from her. Now, she wants it back. Lori had it all until that day: the perfect marriage, a job she loved, and a beautiful home in a small town. But when a tragic car wreck takes her husband's life and leaves her hospitalized, she has to learn to live alone again. Her friends look out for her, or so they say, but they don't believe her when she says she's being followed. Her counselor says she's suffering PTSD, and her sister says she's paranoid. But Lori knows herself better than anyone else does, and she's certain someone is watching her. What she doesn't know is why, but she'll do anything to find out—even if it costs her her life. Tormented by nightmares, mood swings, and self-doubt, Lori's life is on the brink of collapse. Every move she makes will leave you begging for the truth until the very last page in this brand-new psychological thriller full of lies and conspiracies. "Revenge isn't an option. It's her only option. Enthralling stuff!" "If you're a fan of vigilante justice stories, you'll love this gripping new novel." "Another great thriller from two incredible authors. I couldn't put it down!"

Microsoft PowerPoint 97 Kurt Austin, head of a National Underwater Marine Agency exploration team, rescues a beautiful marine archaeologist who was on the verge of recovering a carved stone head that will prove that Columbus was not the first European to discover America.

The Raw Files: 2015 An arsonist has struck a top-secret research facility at a key US naval base. But it's not just a random terrorist attack. These people were after something specific. When Special Agent Patrick Bowers is called in to investigate, he is drawn into a deadly web of intrigue and deception. With his own criminology research being turned against him and one of the world's most deadly devices missing, Bowers is caught up in a race against time to stop an international assassin before it's too late. Full of fast-paced action and mind-bending plot twists, The Rook is an adrenaline-laced page-turner that will keep readers up all night. Book 2 in the Bowers Files, this riveting look into the criminal mind is the perfect follow-up to James's well-reviewed The Pawn.

The Rebel's Last Shot; Or, The Gunmaker's Bride! S. Rept. 108-301. Unclassified edition. Together With Additional Views. Provides the Senate and the American public with a substantial record of the facts underlying the conclusions of the Committee regarding the intelligence community's prewar assessments of Iraq's programs for weapons of mass destruction and its ties to terrorism. Some text is blacked out.

Pistolsmithing Includes A Song in the Dark and Dark Road Rising My name is Jack Fleming, nightclub owner, P.I.—and vampire. Usually, that's a combination that keeps me safe. But when a New York lowlife muscled in on Chicago territory, I survived his attempt to kill me by the skin of my fangs. It brought out the vampire in me—and if I don't get my blood hunger back under control and do some detecting, not only might my girlfriend Bobbi take the fall for a murder she didn't commit, but the newly risen vampire I've been charged with babysitting—a nutjob mobster named "Whitey" Kroun—may do more damage than the syndicate torpedoes who are out to get him. Things are getting far too bloody, even for a vampire.
award-winning author Markus Zusak, author of I Am the Messenger, has given us one of the most enduring stories of our time. “The kind of book that can be life-changing.” —The New York Times “Deserves a place on the same shelf with The Diary of a Young Girl by Anne Frank.” —USA Today DON’T MISS BRIDGE OF CLAY, MARKUS ZUSAK’S FIRST NOVEL SINCE THE BOOK THIEF.

The Midnight Eye Files This is the extraordinary story of Ashok Kamte, Additional Commissioner of Police, East Region, Mumbai who died fighting terrorists in the 26/11 attack on Mumbai. In traces the life and career of this fearless officer who showed exemplary valour at his postings - be it the naxal affected bhandara District, Satara, Sangli, Solarapur or Mumbai. It also brings out details of his life which would inspire many a youngster.

Care, Cleaning & Sportsmanship The Senate Select Committee on Intelligence presents its report on prewar intelligence regarding Iraq, which contains numerous documents from various U.S. intelligence agencies regarding possible weapons of mass destruction, and other issues relating to Iraq.

Dead Files We both leaned against the old house, peeling paint digging into my arms as I glanced into the window. She was there! Raising her gun toward the Sheriff, she took careul aim as a maniacal sneer formed on her lips. “You disgust me,” she snarled with unbounded rage. Throwing her head back suddenly, she let loose a loud, evil laugh, straight from the bowels of hell. “At least this way, I get to personally witness your last breath,” she grinned as she cocked her gun. “Quite the consolation prize, I assure you.” I glanced over at Frank, who nodded as he tensed himself to break through the door. Cocking my own weapon, I knew that this was the moment…capture or kill, this all ended now. “I damn you to Hell Sheriff,” she shouted next, “You should feel right at home there.” Frank burst through the door with me close behind…I had no way of knowing that this would be the moment that changed my life…forever! J.T. Lewis is the author of the Adventures of Gabriel Celtic series, which includes Murder! Too Close To Home, Gabriel’s Revenge, In Case of Death, and The Book of Gabriel. Watch for the release of Murmansk, coming the summer of 2015! And check out J.T. Lewis’ newest series…The Nick Behr mysteries! Being Crazy is all fun and games…until somebody dies! Includes previews of: In Case of Death and The Artifact Hunter!

Shot List - The Douglas Files: Book Four Classic book on gunsmithing reprinted in a new hardcover series format.

Foundation Dreamweaver MX This book is aimed at giving novice coders an understanding of the methods and techniques used in professional games development. Designed to help develop and strengthen problem solving and basic C/C++ skills, it also will help to develop familiarity targeting and using fixed/restricted hardware, which are key skills in console development. It allows the reader to increase their confidence as game programmers by walking them through increasingly involved game concepts, while maintaining the understanding that despite the increased complexity, the core methods remain consistent with the advancement of the technology; the technology only enhances the gaming experience. It also demonstrates underlying principles of game coding in practical step by step ways to increase exposure and confidence in game coding concepts. Key Features: Increases the confidence of new coders by demonstrating how to get things done. Introduces evolving projects to reinforce concepts, both directly and indirectly that the reader will use to produce and then enhance the project. Provides tutorials on Graphics API's that can be easily understood by a novice. Demystifies hardware used to gain new effects without blinding the user to the technical wizardry going on under the system. Gives a sense of achievement to the reader and pushes them toward improvement.

Forest and Stream The exploits of Glasgow private investigator Derek Adams collected in a three-volume set of Lovecraftian noir. This collection includes: The Amulet It was supposed to be an easy case. Fast money, and a way to kill some time—something Derek Adams, a down-on-his-luck Glasgow private investigator, has way too much of. Recover a stolen family heirloom, and try to keep the relationship with his very beautiful—and very married—client, strictly professional. Easy. But the Johnson Amulet is no mere trinket—and Derek isn’t the only person trying to find the priceless relic. Before long he’s up to his armpits in bodies, femme fatales and tentacles. The stars have aligned An ancient evil has awakened. To save the day, Derek must take some dark pathways, and not everyone is going to make it back out into the light. The Sirens Glasgow private investigator Derek Adams can’t seem to get away from the otherworldly, especially not when it seems to be the only paying gig in town. So when an old widow offers him two grand to find her son—who isn’t exactly missing just not himself—it’s not long before things start to get weird, and a road trip to the rural village of Skye turns into a detour to the twilight. Before long, Derek is on a remote island, hip-deep in mermaids, stalked by shape-shifters, and tangled in the nets of a diabolical fisher cult intent on waking an ancient god and unleashing the apocalypse. In other words, it’s business as usual. The Skin Game Things are finally looking up for Glasgow private investigator Derek Adams. The agency is flush with cash and finally getting some respect, and the nightmares? Well, there’s boooze for that. But the dark side isn’t finished with Derek. What starts off as a simple inquiry into the dealings of a shady bookie quickly descends into a battle with the shadowy unknown. Before he knows it, Derek is on the run, framed for an impossible murder. His only leverage is a strange skin belt that seems to have a life of its own, but hanging onto it might cost Derek more than just his life. This collection also includes three bonus Midnight Eye stories: "The Forth Protocol", "A Slim Chance", and "One, Two Go!" Praise for the Midnight Eye Files "Meikle's writing makes you feel like you're there, in the rain with Derek Adams, searching seedy pawn shops and bars for the answers. The atmosphere is terrific, and the author knows that sometimes less is more. " - The Lovecraft ezine "I encourage you to pour yourself a couple of fingers of whiskey and visit Meikle's and Derek's Glasgow some evening as the shadows grow long." — New Pulp "The writing itself is crisp, filled with good description and strong dialogue. The Scottish setting, while not prominent, grounds the reader in a sense of place. The characters, while themselves variations on noir tropes, are believable, and more importantly, likable. All of this, taken together, makes for a smooth, enjoyable read." - Rich Ristow, Strange Latitudes
Hunter-trader-trapper Police officer Lu Xiaochuan was involved in a strange skinning case when he followed his father to the north. Only when the facts of the case gradually became clear did the crowd realize that this was only the beginning of an ancient mystery A book, sixteen cases, showing you the deepest darkness of human nature, making you understand the other side of the world that few people know about.

The Fundamentals of C/C++ Game Programming An updated edition of the best tips and tools to plan, build, and execute a structured test operation In this update of his bestselling book, Rex Black walks you through how to develop essential tools and apply them to your test project. He helps you master the basic tools, apply the techniques to manage your resources, and give each area just the right amount of attention so that you can successfully survive managing a test project! Offering a thorough review of the tools and resources you will need to manage both large and small projects for hardware and software, this book prepares you to adapt the concepts across a broad range of settings. Simple and effective, the tools comply with industry standards and bring you up to date with the best test management practices and tools of leading hardware and software vendors. Rex Black draws from his own numerous testing experiences— including the bad ones, so you can learn from his mistakes— to provide you with insightful tips in test project management. He explores such topics as: Dates, budgets, and quality- expectations versus reality Fitting the testing process into the overall development or maintenance process How to choose and when to use test engineers and technicians, contractors and consultants, and external test labs and vendors Setting up and using an effective and simple bug-tracking database Following the status of each test case The companion Web site contains fifty tools, templates, and case studies that will help you put these ideas into action— fast!

A Lie Too Big to Fail

InfoWorld This book will teach you how to create awesome video games. Games from scratch. Games that run cross-platform, in web browsers, and on phones. Games filled with dynamic sound and music. Games overflowing with impressive visual effects. Fun games. More importantly, this book will teach you how to think about making games. You'll learn to analyze and dissect games; to understand what it is that makes great games great. By the end of the journey you'll have all the knowledge and tools needed to produce engaging, polished products that people will love to play. What's inside? Learn the basics: game loops and input Draw graphics on the screen using Canvas Add amazing sound effects and music using the Web Audio API Develop several fun games: a platformer, a shoot ‚ em up, a dungeon crawler, and a physics-based game Create your own JavaScript game library Jazz up your game up with "juice": screen shakes, particle effects, and more
